

Boys Farmer "End Of All Days"

Visit "[End Of All Days](#)" on MotoLyrics.com

build a house on sand
and watch it sink
into the ocean blue
build a house of cards
and watch the wind blow through
play a grown-up game
with grown-up names
and plastic surgery
build a house on sand
and watch it disappear
all the plans you made
and prayers you prayed
are lost in yesterday
this is the end
the end of all days
marking time
for the very last day
write a memo in your organizer
that nothing is for sure
mark your calendar
and strike tomorrow through
all the plans you made
and prayers you prayed
are lost in yesterday
cause this is the end
the end of all days
marking time
for the very last day
this is the end
the end of all days
marking time
for the very last day
it's the end of all days...
