Today is a winding road that's taking me to places that  
I didn't want to go  
Whoa (whoa, whoa, whoa)  
Today in the blink of an eye I'm holding on to  
something and I do not know why  
I tried

I tried to read between the lines  
I tried to look in your eyes  
I want a simple explanation  
For what I'm feeling inside  
I gotta find a way out  
Maybe there's a way out

Your voice was the soundtrack of my summer  
Do you know you're unlike any other?  
You'll always be my thunder, and I said  
Your eyes are the brightest of all the colors  
I don't wanna ever love another  
You'll always be my thunder  
So bring on the rain  
And bring on the thunder

Today is a winding road  
Tell me where to start and tell me something I don't  
know  
Whoa (whoa, whoa, whoa)  
Today I'm on my own  
I can't move a muscle and I can't pick up the phone  
I don't know (I don't know, I don't know, I don't know)

And now I'm itching for the tall grass  
And longing for the breeze  
I need to step outside  
Just to see if I can breathe  
I gotta find a way out  
Maybe there's a way out

Your voice was the soundtrack of my summer  
Do you know you're unlike any other?  
You'll always be my thunder, and I said  
Your eyes are the brightest of all the colors

I don't wanna ever love another  
You'll always be my thunder  
So bring on the rain

Yeah I'm walking on a tightrope  
I'm wrapped up in vines  
I think we'll make it out  
But you just gotta give me time  
Strike me down with lightning  
Let me feel you in my veins  
I wanna let you know how much I feel your pain

Today is a winding road that's taking me to places that  
I didn't want to go  
Whoa

Your voice was the soundtrack of my summer  
Do you know you're unlike any other?  
You'll always be my thunder, and I said  
Your eyes are the brightest of all the colors  
I don't wanna ever love another  
You'll always be my thunder  
So bring on the rain  
And bring on the thunder, and I said  
Your voice was the soundtrack of my summer  
Do you know you're unlike any other?  
You'll always be my thunder  
So bring on the rain  
Oh baby bring on the pain  
And listen to the thunder
