Grown up  
She just turned 16  
Stuck in the moment  
Dead at the scene  
And it's on tonight  
This is the life that you wanted, right?  
So turn off all the lights

Dressed up just like a movie star  
At all the parties they'll know who you are  
Wouldn't it be great,  
To be fashionably late?  
So why don't you wait,  
Till you're sedated

Don't it feel like something's not right  
In his kiss tonight?

Yeah what I'm saying is do you,  
Do you want to lose it all?  
Cause this is more than just a dance hall drug  
You can't wait to fall in love

All I'm saying is do you,  
Do you want to learn to fly?  
Then you should pack it up and say goodbye  
Cause when the push comes to the shove  
It's just a dance hall drug

Step in and you can lock the door  
The candles are lit and the clothes on the floor  
You could take a chance on finding romance  
Now you're holding hands

But he's got other plans  
Tick-tock, the clock is turning red  
The room won't stop spinning and thoughts in your  
head  
And it's too late  
You feel like you're making a big mistake  
You should've waited

Don't it feel like something's not right  
In his kiss tonight?

Yeah what I'm saying is do you, do you want to lose it  
all?  
Cause this is more than just a dance hall drug  
You can't wait to fall in love

All I'm saying is do you, do you want to learn to fly?  
Then you should pack it up and say goodbye  
Cause when the push comes to the shove  
It's just a dance hall drug

Just wait love  
Show 'em what you're made of  
Don't it feel like something's not right,  
In his kiss tonight?

Do you, do you want to lose it all?  
Cause this is more than just a dance hall drug  
You can't wait to fall in love

All I'm saying is do you, do you want to learn to fly?  
Then you should pack it up and say goodbye  
Cause when the push comes to the shove  
It's just a dance hall drug

Do you, do you want to lose it all?  
Cause this is more than just a dance hall drug  
You can't wait to fall in love

All I'm saying is do you, do you want to learn to fly?  
Then you should pack it up and say goodbye  
Cause when the push comes to the shove  
It's just a dance hall drug
