Brown eyes and lungs are filled up with smoke  
Fast lives are stuck in the undertow  
But you know the places I wanna go  
Cause oh oh oh  
I've got a sickness, you've got the cure  
You've got the spark I've been lookin' for  
And I've got a plan, we walk out the door

You know you wanna  
Just let go  
It's time to roll down the windows  
Sing it oh oh  
Yeah all we need so here we go

Turn it up  
It's five minutes to midnight  
You're coming home with me tonight  
I can't get enough  
Shakin' me up  
Turn it up  
Alright, at five minutes to midnight  
We'll see our name in city lights  
We'll make the clock stop  
Make your heart drop and come alive

We could  
Pack up and leave all our things behind  
No fact or fiction or storyline  
Cause I need you more than just for tonight  
You're oh oh all I care  
I can't stop my breathing in  
I'm weak and you were my medicine  
I won't stop till I am under your skin

You know you wanna  
Just let go  
It's time to roll down the windows  
Sing it oh oh  
Yeah all we need so here we go

Turn it up  
It's five minutes to midnight

You're coming home with me tonight  
I can't get enough  
Shakin' me up  
Turn it up  
Alright, at five minutes to midnight  
We'll see our name in city lights  
We'll make the clock stop  
Make your heart drop and come alive

And when the clock strikes twelve  
Will you find another party go and kiss and tell?  
Cause you know I never will  
I think we should strike a match  
We'll hold it to the wind to and see how long it lasts  
We can make the time stand still

Turn it up  
It's five minutes to midnight  
You're coming home with me tonight  
I can't get enough  
Shakin' me up  
Turn it up  
Alright, at five minutes to midnight  
We'll see our name in city lights  
We'll make the clock stop  
Make your heart drop and come alive

Turn it up  
It's five minutes to midnight  
You're coming home with me tonight  
I can't get enough  
Shakin' me up  
Turn it up  
Alright, at five minutes to midnight  
We'll see our name in city lights  
We'll make the clock stop  
Make your heart drop and come alive
