Little change of the heart, little light in the dark,  
Little hope that you just might find your way out of  
here.

Cause you've been hiding for days, wasted and  
wasting away,  
But I got a little hope today you'll face your fears.

Yea I know it's not easy, I know That its hard,  
Follow the lights to this city.

Get up and go  
Take a chance and be strong,  
Or you could spend your whole life holding on,  
Don't look back just go.  
Take a breath move along,  
Or you could spend your whole life holding on,  
You could spend your whole life holding on.

Believe the tunnel can end, believe your body can  
mend,  
Yea I know you could make it through cause I believe in  
you.  
So lets go put up a fight, lets go make everything  
alright,  
Go on and take a shot go give it all you got.

Oh yea I know it's not easy, I know that it's hard,  
Know that it's not always pretty.

Get up and go  
Take a chance and be strong,  
Or you could spend your whole life holding on,  
Don't look back just go.  
Take a breath move along,  
Or you could spend your whole life holding on,  
You could spend your whole life holding on.

Don't wanna wake up to the telephone ring,  
Are you sitting down I need to tell you something,  
Enough is enough you can stop waiting to breath,  
And don't wait up for me.

Get up and go,  
Take a chance and be strong,  
Or you could spend your whole life holding on.  
Don't look back just go,  
Take a breath move along,  
Or you could spend your whole life holding on.

Get up and go, take a chance and be strong,  
Or you could spend your whole life holding on,  
Don't look back just go.  
Take a breath move along,  
Or you could spend your whole life holding on,  
You could spend your whole life holding on.

Don't spend your whole life holding on.
