(Whoa)

(Whoa)

We were seventeen and invincible

Had the world figured out and the girl on my shoulders

Told me everything's gon' be alright

(Whoa-oh)

And everything was gonna be alright

(Whoa-oh)

Yeah maybe we were in high school

But you never see the ending

When you're young and not pretending

Singing everything's gon' be alright

(Whoa-oh)

And everything was gonna be alright

Buried her deep inside

Stars go kill my eyes

Now she's got a boyfriend

And I've got a rock band

Cause nothing really ever goes the way it's planned

Yeah she's in Ohio and I'm on some back road

Driving to the city and then who knows

Cause that's all she wrote

I wish that I could turn this car around

But she's got a boyfriend now

(Whoa)

(Whoa)

Then I took a trip out to LA

For the girl with a smile that could take your breath
away

I'm thinking everything's gon' be alright

(Whoa-oh)

And everything was gonna be alright

(Whoa-oh)

Maybe I thought I could sweep in and

Sweep her off her feet and go right back to Boston

Thinking everything's gon' be alright

(Whoa-oh)

And everything was gonna be alright

(Whoa-oh)

The streets keep holding on but now she's so far gone

Now she's got a boyfriend

And I've got a rock band

Cause nothing really ever goes the way it's planned

Yeah she's on the west coast and I'm on some back road

Driving to the city and then who knows

Cause that's all she wrote

I wish that I could turn this car around

But she's got a boyfriend now

Take me back to you somehow

And everything that I know now it's so hard

I tore us apart

Take me back to feeling like the world

Would just keep dealing me the right cards

Now you're just so far

And I'm 23 and invincible

Got the world figured out and a bird on my shoulders

Told me everything's gon' be alright

(Whoa-oh)

And when is everything gonna be alright?

Now she's got a boyfriend

And I've got a rock band

Cause nothing really ever goes the way it's planned

Yeah she's in Ohio and I'm on some back road

Driving to the city and then who knows

Cause that's all she wrote

I wish that I could turn this car around

Cause then she goes

I wish that I could press rewind somehow

But she's got a boyfriend now

(Whoa)

(Whoa)

She's got a boyfriend now

(Whoa)

She's got a boyfriend now

(Whoa)

Take your

Take your breath away

Take your

Take your breath away
