I'm wearing thin  
I couldn't tell you the city I'm in  
The streets and the buildings  
And places I've been  
Or when the stars go when it's daylight again  
Or where the time went  
Oh, who can save me now?

My life in the rearview  
I'm runnin' from Jesus  
Don't know where I'm going to  
I got nothing to lose  
I'm fighting my demons  
Been lookin' for someone like you  
I've been looking for someone like you

So sing me a song I know all the words to  
And I'll sing along  
Could you be my savior?  
I've been out here too long  
And I've just been lookin' for somewhere to belong  
Been holdin' on  
So can you save me now?

My life in the rearview  
I'm runnin' from Jesus  
Don't know where I'm going to  
I got nothing to lose  
I'm fighting my demons

Been looking for someone like you  
I've been lookin' for someone like you

When the stars explode  
And I'm all alone  
When they start to see the smoke  
When I finally burn out  
I'll need someone to carry me home  
Safe and sound

My life in the rearview  
I'm runnin' from Jesus

Don't know where I'm going to  
I got nothing to lose  
I'm fighting my demons  
Been looking for someone like you

But I got nothing to lose  
I'm fighting my demons  
Don't know where I'm goin to

My life in the rearview  
I'm runnin' from Jesus  
Don't know where I'm going to  
I got nothing to lose  
I'm fighting my demons  
Been looking for someone like you  
I've been lookin' for someone like you  
I've been lookin' for someone like you
