Here I am again
Everybody's screaming
The walls are closing in
i'm stuck in the middle

Swimming up a stream
Suffocating in between
I wake up from the dream
Still stuck in the middle

i guess this time
I'll wait it out

Someday, things will be perfect
It will be worth it all this time
Stuck in the Middle
I know things'll get better
Hold it together
Take your time
Stuck in the Middle

(yeah)
(Yeah)

You push and then you shove
You hate and then you love
You try to switch it up
But you're stuck in the Middle
No matter what you do
No matter how you choose
Well either way you're gonna lose
When you're stuck in the middle

I guess this time
I'll wait it out

Someday, things will be perfect
It'll be worth it all this time
Stuck in the middle
I know, things'll get better
Hold it together
Take your time

Stuck in the middle

You fight until you're free
You're down on you're knees
Hoping someday you'll make it out
If you just Believe
There's hands around your neck
Hearts beating out your chest
baby if you wait it out
You will see

Someday, things will be perfect
It'll be worth it all this time
Stuck in the middle
Someday, things will be perfect
It'll be worth it all this time
(Well this time)
Stuck in the middle
I know, things'll get better
Hold it together
Take your time
Stuck in the Middle

Stuck in the Middle
Stuck in the Middle
