It's over, look out elow
And I'm wasted, I still taste it
Yeah it's so hard to let go
So breathe in now, and breathe it out

The forecast; A car crash
It's looking like another

Breakdown, rebound
This could be my last goodbye
You cross your heart, I hope to die

And I can't deny your eyes
You know I tried to read between the lines,
I saw a warning sign
And then you threw me up against the wall
Who said that it's better to have loved and lost?
I wish that I had never loved at all

No rewinds, no second times
I won't break, I won't waste
Everything you left behind
So don't follow, just let it go
The weather's been better
Don't let it be another

Breakdown, rebound
This could be my last goodbye
You cross your heart, I hope to die

And I can't deny your eyes
You know I tried to read between the lines,
I saw a warning sign
And then you threw me up against the wall
Who said that it's better to have loved and lost?
I wish that I had never loved at all

All the nights spent sitting at home
While you were out there on your own
All the nights waiting by the phone
While you were going it alone
And all your different faces

And all your different ways
Of making everything a mess
And all I'm saying is that
All your different places and
All the complications
Led to this

And I can't deny your eyes
You know I try to read between the lines,
I saw a warning sign
And then you threw me up against the wall
Who said that it's better to have loved and lost?
I wish that I had never loved

And I can't deny your eyes
You know I try to read between the lines,
I saw a warning sign
And then you threw me up against the wall
Who said that it's better to have loved and lost?
I wish that I had never loved at all.
(Never loved at all)
