Just woke up when I heard your voice  
Calling out my name  
Your voice seems like fading away  
But I just figured out that your voice  
Is coming from my mind  
Now I know that I'm addicted to you

I'm crazy about you  
Can't stop thinking about you  
You know I'm addicted to you  
You're making me feel high  
Every time you pass by  
You know I'm addicted to you

Staring at your picture is the only thing I do  
I wish that you would like me too  
I tried to say hi to you but the word  
Just won't come out  
I'm so shy to let you know that

I kissed you so many times  
I embraced you so tight  
But it's only in my dreams

I'm Crazy about you  
Can't stop thinking about you  
You know I'm addicted to you  
You're making me feel high  
Every time you pass by  
You know I'm addicted to you

I'm Crazy about you  
Can't stop thinking about you  
You know I'm addicted to you  
You're making me feel high  
Every time you pass by  
You know I'm addicted to you

I'm Crazy about you  
Can't stop thinking about you  
You know I'm addicted to you  
You're making me feel high

Every time you pass by  
You know I'm addicted to you
