I should have just said no
The first time I saw your face
(I should have just said no)
I should have just said no
To a ridiculous mistake
(I should have just said no)
I should have left you
But it was so true
And I just caved in
I put my trust in you
But you were faking now
I know your fake as hell
And you know how to bring me down
And I'm singing
Forget you girl
I know just what you wanted
Forget you girl
And all the things I said
It was your fault in the end
I'm sure you hate this
Because I'm alright

I got a girl on my mind here tonight

Just thought I'd let you know

We werent just friends

I can't believe I let you bring me down

And I'm singing

Forget you girl

I know just what you wanted

Forget you girl

And all the things I said

It was your fault in the end

Forget you girl

And how you left me jaded

Forget you girl

And all the things I said

It was your fault in the end

Feeling sorry for your heartache

And nothings gunna change

I'm sure you'll stay the same

Forget you girl

I know just what you wanted

Forget you girl

And all the things I said

It was your fault in the end

I should have just said no

The first time I saw your face

(I should have just said no)

I should have just said

Forget you girl

And all the things I said

It was your fault in the end
