Word on the street is you're in heat
You need attention from
Every boy you see
I wouldn't make this up oh no
'Cause your friends are telling me:
You're fake, two faced
And you'll hang on every word I say

You're all alone,
You're all alone.

So we'll agree to disagree
Because right through me is all you see
You bring me down so it's time to leave
But trust me girl it's you not me

The thought of you is lost
But yet I'm always on your mind
That's why I keep my cell turned off
'Cause you keep
Calling all the time
Here's what you should do: just take the clue I'm over
you
You're bad news and now
You're all...

You're all alone,
You're all alone.

So we'll agree to disagree
Because right
Through me is all you see
You bring me down so it's time to leave
But trust me girl it's you not me

It's so wrong to disagree
Because right through me
Is all you see
You bring me down
So it's time to leave
It's time to leave...
