It's been some time since this feelings have been in
control of mine

This heart in mine, with some healing, will be all that
you could need

I think I found where I am searching for

I feel the height that I never felt before

And girl I'm shore, with a little more time

I could be yours and maybe baby you could be mine

Chorus:

Girl you've got me spinning around

And it's all over time that I'm wanting you baby

Now this heart is jumping around

I just can't keep it down cuz you're driving me crazy

When I see you smile

It guess we're falling deeper into you

In for a while it's got me thinking

If I gave, could you give to me too

All that you want, girl I know could i give

So let me be someone you can share with

Cuz girl I'm shore, if you gave me the time

I could be yours and maybe baby you could be mine

Chorus

Tudub, tub tudududub, tub tudududub, tub
tududududub

Hey we can be all that you want us to be if you be my
baby

If you believe in you and me, girl ,I promise to be all
that you could be

Chorus

Can't you see girl I'm falling, it's true

Take my hand I go waiting up for you

Give me, girl, just a little more time
So I could be yours and maybe baby you could be mine

Chorus 2x
