The smell of your skin
The taste of your kiss
The way you whisper in the dark

Your hair all around me
Baby you surround me
You touch every place in my heart

Oh it feels like the first time, every time
I want to spend the whole night in your eyes

I don't know how you do what you do it
I'm so in love with you
And it just keeps getting better

I want to spend the rest of my life
With you by my side
Forever and ever

Every little thing that you do
Baby im amazed by you

I don't know how you do what you do
I'm so in love with you
And it just keeps getting better

I want to spend the rest of my life
With you by my side
Forever and ever and ever baby

Every thing you do,
Baby every thing that you do
I'm amazed by you
