I don't give a damn who sees me  
It's all about you 'cause you please me  
To me you're not just another breeze  
That's how I feel about you

Some dudes act hard, try to hide it  
P.D.A to the girls they deny it  
It's all love when they see you  
They should try it, that's how I do with you

Public display of affection  
Whether before or after we're sexin'  
No flippin' on you in public, no wild flexin'  
You're my angel and I'll be your protection

Yes, those are the chicks that I deal with  
Don't get the kind of treatment that you get  
Matter fact, if they saw me they'd be pissed  
'Cause they don't think I know how to do this, but you  
miss

Baby, I just wanna, I just wanna  
Be all booed up with you  
Wherever we are, all I know is  
I just wanna, I just wanna  
Be all booed up with you, yeah

Girl, I'm really into you  
I'm enjoying the scent of you  
The more time that I spend with you  
The closer I get to you

It don't matter where we are in the park, restaurant, or  
the car  
I want to show the world that you are everything to me  
The attention that you show me now  
Is enough just to hold me down whenever I'm not  
around

Just can't get to you, it's a mutual thing  
'Cause how you feel about me is the same  
I hope the way it is now will never change

I like how me and you is arranged

Baby, I just wanna, I just wanna  
Be all booded up with you  
Wherever we are, all I know is  
I just wanna, I just wanna  
Be all booded up with you, yeah

Baby, I just wanna, I just wanna  
Be all booded up with you  
Wherever we are, all I know is  
I just wanna, I just wanna  
Be all booded up with you, yeah

I know sometimes you don't feel beautiful  
That's why I take time to let you know  
How crazy that sounds to me

There's things I see in you that you don't see  
I'm sure there's somethings you see in me  
That keeps this lovin' real, so real

Baby, I just wanna, I just wanna  
Be all booded up with you  
Wherever we are, all I know is  
I just wanna, I just wanna  
Be all booded up with you, yeah  
There's no secret

Baby, I just wanna, I just wanna  
Be all booded up with you  
Wherever we are, all I know is  
I just wanna, I just wanna  
Be all booded up with you, yeah
