Well, well well well
Drifting on a memory
Ain't no place I'd rather be than with you, yes
Loving you, well well well
Day will make the way for night
All we need is candlelight
And a song, ooh, soft and long
Well well well, like to be
We're alone with a love unlike no other
Sad to see, a new horizon slowly coming into view

I want to be living for the love of you
All that I'm giving is for the love of you

Lovely as a ray of sun
That touches me when the morning comes
Feels good to me
Well, my loving me, loving me
Smoother than a gentle breeze
Blowing from my mind with ease
Soft as can be
When you're loving me, when you're loving me
I love to be
Riding the waves of love enchanted with your touch
It seems to me
We can sail together in and out of mystery

I want to be living for the love of you

All that I'm giving is for the love of you

I know that I'm living for the love of you, oh yes I do
All that I'm giving, giving is for the love of you

Paradise and heaven things can't feel as secure again
You're the key
This I see
Now and then I lose my way
Using words I try to say what I feel
Yeah, this is so real, so real
I might as well, sign my name on a card that could say
it better

Time will tell
Cause it seems that I've done just about all that I can
do, I can do

I want to be living for the love of you, oh yes I do
All that I'm giving is for the love of you
I wanna be living for the love of you, oh yes I do
All that I'm giving is for the love of you
Each and every day I'm living for the love of you
Said that I'm giving for the love of you
