Take your time, take your time
Take your time, take your time
Take your time, take your time
Take your time, take your time

Take your time, take your time
Take your time, take your time
Take your time, take your time
Take your time, take your time

I saw you on a Sunday afternoon
Riding the B train
(Yeah, I was coolin' on the B train)
You had an air about you I had to know and soon
First sight and I didn't even mind the rain

Your glow was the ailment to all my pain inside
I sat beside your body and asked your name, baby
Your fragrance made it hard to explain my plight
Of how you're driving me insane

Jezebel don't know you well, but I'd like to
(I can't believe how my feelings took over)
Let me let you know that I'm on, and I want you
(Aiming to please baby, just let me show you)

The moment that you opened up your lips
I knew, I knew, I knew that you were the one
Hope you don't mind if I touch your finger tips
Please don't draw the line just yet, I promise I won't go
too far

'Cause you've been haunting me
Ever since I saw your face, I can't escape you now
(I can't escape you now)
Be mine and wait and see love that
Many people search their whole lives for
Here to let you know babe that I'm real, oh so real

Jezebel don't know you well, but I'd like to
(I can't believe how my feelings took over)
Let me let you know that I'm on and I want you

(Just let me show you)

Jezzebel don't know you well, but I'd like to
(I can't believe how my feelings took over)
Let me let you know that I'm on and I want you
(And I want you, I want you)

Take your time, take your time
Take your time, take your time
Take your time, take your time

Wanna get to know you, don't know your nationality
Can we converse and see
When's a good time to get together, baby?
Am I being a little fast?

No, I don't know
Maybe so, I don't think so, in fact I don't care
All I want to do is touch your hair and taste your hair
What perfume are you wearing? Ooh, the smell

Jezzebel don't know you well, but I'd like to
(I can't believe how my feelings took over)
Let me let you know that I'm on and I want you
(Aiming to please, baby just [Incomprehensible])
(Let me show you, let me show you, baby)
(Let me show you, let me show you)

Jezzebel don't know you well, but I'd like to
(I can't believe how my feelings took over)
Let me let you know that I'm on and I want you
(Aiming to please, baby)
(Just let me show you, 'cause I want you)

Jezzebel don't know you well but I'd like to
Let me let you know that I'm on and I want you
(Let me know baby, let me know)

Jezzebel, I want you baby
Jezzebel, ooh yeah
