[Verse One] - [Wanya]

Lying here
With my arms above my head
Hungry for your love
Waiting to be fed
Your body speaks to mine
And I understood every word
Told me that you needed me
At least that's what I heard
I'm trying to hold on
But I don't know for how long...

[Talk] - [Mike]

Don't make me wait too long...

Oouuehhh...

[Chorus]

Love me, love me, love me, love me, love me, love me
right
(ooehhh...ooehhh...)
Breathe me, taste me, touch me, take me in your arms
tonight
All I want to do is
Watch you watch me, feel you fill me up with pure
delight
That makes it easier to love you
Love me, love me, love me, love me, love me, love me
right, love me right...

[Verse Two] - [Shawn]

Why don't you tell me what you want from me girl
Let me dive into your ocean
I can find your precious pearl (I can find your precious
pearl)
As the moon evades our bedroom
And reveals the sweat on your back (on your
back...yeeaahhh)
It increases my intensity to go there and never come
back
I'm trying to hold on
To hold on

But I don't know for how long...
Yeeeaahhhh...

[Chorus]

Love me, love me, love me, love me, love me, love me
right
(come on)
Breathe me, taste me, touch me (touch me baby), take
me in your arms tonight
All I want to do is
Watch you watch me, feel you fill me up with pure
delight (fill me up with pure delight)
That makes it easier to love you
Love me, love me, love me, love me, love me, love me
right, love me right..

[Bridge]

Oh how you tease me
Driving me crazy
Want you to please me
So come on lady

Close enough to touch
She takes a step back
See her getting excited
By the way I react
Moving in slow
I can smell her perfume (she smells so good)
She's moving closer still
I know my time's coming soon (oohh make it comes)
Lady are you ready
Can't take it no more
Ooh I don't think you're ready
For all that I have in store
I'm trying to hold on
But I don't know for how long
C'mon girl, I need you, take me right now
Uueeyhhhh...love me
Yeeaahhh...love me
Oehhh...oehhh...love me (baby)
Love me right now
Oooooehhh...oehhh...touch me...touch me...oehhh
Nnaannaanaanananaa...so...so easy (so easy)
I wanna make you feel so good
Love me lady...love me right ooouehhh
(right now) Can I love you now...can I love you
now...oehhh
Take me in your arms tonight (take me in your...)
(can I taste you, can I touch you, can I feel it baby)
Fill me up with pure delight (that's what I talked about)
OeHH I want you...so real...
