

Boyz II Men "Relax Your Mind"

Visit "[Relax Your Mind](#)" on MotoLyrics.com

(feat. Faith Evans)

Come on, come on
I know you've heard this line a thousand times that
The way you look tonight just blow my mind
Let's go some place for we could talk a while
Cause I don't wanna lose this vibe
Don't wanna push you but where are your friends yeah
I'll make sure that you get home when the party ends
There's some place I'm sure you would like to know
Just as long as you don't say no

Don't wanna waste your time (I don't wanna waste your time)
Sit back and relax your mind (relax your mind)
I wanna be what you need and more
Just tell me what you like (what you like, what you like)

Girl are you hungry let me cook for you
My place is near just right out a park we knew
I know a place that's just not too far away
Flight first class New York to LA

Listen, I know you're feeling me
I'm feeling you
So let's thank this now before we try to make this mood
I won't say words I don't really mean
Cause I want you to stay with me

Don't wanna waste your time (don't wanna)
Sit back and relax your mind (sit back and relax your mind)

I wanna be what you need and more (what you need)
Just tell me what you like (tell me tell me what you like baby)
Don't wanna waste your time (I don't wanna)
Sit back and relax your mind (tell me what you want from me)
I wanna be what you need and more (you know I'll give it to you)
Just tell me what you like (tell me what you like)

I like it, I like it, I really really like it
I'm for it, adore it Boyz II Men you got me open
I like it, I like it, I really really like it
I'm for it, adore it Boyz II Men you got me open
And you got me

Don't wanna waste your time (And I don't wanna waste)
Sit back and relax your mind (sit back and relax your
mind)
(Just relax your mind)
I wanna be what you need and more (Cause I wanna I
wanna be)
Just tell me what you like
Don't wanna waste your time (don't wanna waste no)
Sit back and relax your mind (you sit back and relax
your mind)
(Just relax your mind)
I wanna be what you need and more
Just tell me what you like (Ohh yeah)
