She raises me with her present constantly
And said's her heart, it only beats for me
How could I be so pretty blessed to have her here
I'm thankful for the love she gives
And the way its so sincere
It makes me feel

All that I have isn't all that she deserve
Although ?? if she kisses only me
I think I breathe everyday just to hear her say
She loves me anyway
She tells me she loves me anyway

Not enough hours in the day
Not enough words to help me say
How I appreciate the love we make
I thank god for bringing you to my life
Since you came you made everything right
Yes it feels so right

All that I have isn't all that she deserve
Although ?? yet she kisses only me
I think I breathe everyday just to hear her say

She loves me anyway
She tells me she loves me anyway

You created a happiness in the place where sadness ??
When I only had a little to give,
You made me feel good just as
As if I had a million dollars
You wouldn't treat that to meet me
You love me anyway

God knows I don't deserve you
But yet you stay anyway
And for that I'm yours forever

All that I have isn't all that she deserve
And although the ?? too much
Yet she kisses only me
I think I breathe everyday just to hear her say

She loves me anyway
She tells me she loves me anyway
