That's the way you do it
That's the way you do it
That's the way you do it

Baby let me tell you about how I feel
This urge is seizing me, controlling it's unreal
Ahh baby, I wanna let you know
You got me yearning, so baby let me show

Ooh, I want you baby
Gotta know I need you here with me
This ain't the right way
Gotta find another way to earn your love
Just give me a clue, 'cause you know

Sympin' ain't easy
Get on your hands and knees and lift your eyebrows
Sympin' ain't easy
And if you wanna get it, then you gotta be willin'
Cryin', beggin', pleadin' on your knees

Pardon my expression
But the feeling I have is so strong
I guess you know this isn't easy to do
I keep tryin' and tryin' to give my love to you

Ooh, I want you baby
Gotta let you know I need you here with me
This ain't the right way
Gotta find another way to earn your love
Just give me a clue, 'cause you know

Sympin' ain't easy
Get on your hands and knees and lift your eyebrows
Sympin' ain't easy
And if you wanna get it, you know you gotta be willing
Cryin', beggin', pleadin' on your knees

Sympin' ain't easy
Get on your hands and knees and lift your eyebrows
Sympin' ain't easy
And if you wanna get it, then you gotta be willin'

Cryin', beggin', pleadin' on your knees

That's the way you do it
That's the way you do it
That's the way you do it

Ooh, I want you baby
Gotta let you know I need you here with me
This ain't the right way
Gotta find another way to earn your love
Give me a clue

Sympin' ain't easy
Get on your hands and knees and lift your eyebrows
Sympin' ain't easy
And if you wanna get it, then you gotta be willin'
Cryin', beggin', pleadin' on your knees

Sympin' ain't easy
Get on your hands and knees and lift your eyebrows
Sympin' ain't easy
And if you wanna get it, then you gotta be willin'
Cryin', beggin', pleadin' on your knees

Sympin' ain't easy
Get on your hands and knees and lift your eyebrows
Sympin' ain't easy
And if you wanna get it, then you gotta be willin'
Cryin', beggin', pleadin' on your knees

Sympin' ain't
Sympin' ain't
Sympin' ain't
