Girl you're so sad  
He was the very first love you had  
But he hurt your heart real bad  
He just let your feelings astray and on a holiday

Go ahead and cry  
Let me clear each tear from your eye  
And maybe sing you a lullaby  
Let my heart beat be your guide to a cure inside

I know that it's, oh, so hard to let go  
Give yourself time to heal, take it slow  
Let's talk as the rainbow colored lights  
Make the tree glow

I'm your friend  
I will be here for you till the end  
'Cause I don't want to see you hurt again  
And I can be the key for your heart to mend

'Cause, baby, you're not alone  
The pain in your heart is strong  
Baby, let me hold you in my arms  
Let me be your protector from harm  
'Cause no one should be alone on Christmas

How could he do such a thing  
To one as good as you?  
Gave him your all and I know that it's true  
Had a gem and didn't know what to do

But, baby, I'm here to tell you that  
I'm yours if you want me  
These feelings I've held in too long  
You've been on my mind  
Girl, you know I'll never lie, love is so kind

I opened a prayer  
That by the Lord's grace you would come my way  
And receive love that won't go away  
Celebrate this occasion with gifts of joy on his birthday

On this night I'll fill all your empty spaces inside  
As the snow falls I'll make it alright  
'Cause this day is for sharing  
And no one should be without some one caring

'Cause, baby, you're not alone  
The pain in your heart is strong  
Baby, let me hold you in my arms  
Let me be your protector from harm  
'Cause no one should be alone on Christmas

Girl, this Christmas you won't be alone  
You don't have to cry  
You don't have to worry about a thing  
All the gifts that you wanted this year are yours

You don't have to worry about him no more  
'Cause he's gone, don't live in the past, baby, I'm your  
future  
All the feelings that I have are here for you  
Anything that I can do to take away any problem  
That you may have or have had  
I'm here, just say Michael and this Christmas is yours

Baby, you're not alone  
The pain in your heart is strong  
Baby, let me hold you in my arms  
Let me be your protector from harm

'Cause no one should be alone  
The pain in your heart is strong  
Baby, let me hold you in my arms  
Let me be your protector from harm

'Cause no one should be alone  
The pain in your heart is strong  
Baby, let me hold you in my arms  
Let me be your protector from harm

'Cause no one should be alone  
The pain in your heart is strong  
Baby, let me hold you in my arms  
Let me be your protector from harm
