(Ronan Keating)

Turn Down the light, Turn up the radio.
There's a fire in your eyes, and it's keeping me warm
Hold on to me like it was yesterday,
When we both felt our spirits collide

(Kate Rusby)

I remember the moment, being struck down by
lightning
Since the first time I saw your face, and you smiled
Come and lay down with me
Fill the space that's between us
Feel the magic that keeps love alive

This time, can be like the first time
Close your eyes and soon you'll be there
No man could ever guess what you're feeling
Turn a spark to a flame,
Make a wish, close your eyes, won't you start all over
again.

(Ronan Keating)

Just like the first time you touched my skin,
All over again
I tasted heaven take be deaf again,
All over again

Your smile
Your touch,
Your taste,
It turns me on and on and on,
That I fall in love with you,
All over again

(Kate Rusby)

Come and step through the stars,
Take a ride though the universe.
As long as we're here, lets take this whole thing in

(Ronan Keating)

What I'm trying to say,
Is that you are so beautiful

Let me say it, all over again.

Coz this time can be like the first time,
Close your eyes, but you'll soon will be there
No man could ever guess what he's feeling,

Turn a spark to a flame,
Make a wish, close your eyes, won't you start all over
again.

Just like the first time you touched my skin,
All over again
I tasted heaven take me there again,
All over again

Your smile,
Your touch,
Your taste,
It turns me on and on and on.
That I fall in love with you,
I keep falling in love, with you.
All over again

All over again
All over again.
