Three months since we said goodbye  
We both know the reason why  
It's all about what's right  
That's what you said  
Now you come back to fill this room  
And you show that you thought this through  
Before we lose this life  
There's something I should tell you

[Chorus]  
Even though I try to  
I can't stop thinking about you  
I can't stop thinking about you  
No matter how hard I try  
Hard I try

[Verse 2]  
Chills are creeping down my spine  
Thoughts are playing on my mind  
Don't care if I'm a fool for what I said  
There's no expression on your face  
The silence echoes in this place  
Before the last goodbye  
I just wanna hear you say

[Chorus]  
Even though I try to  
I can't stop thinking about you  
I can't stop thinking about you  
No matter how hard I try  
Hard I try  
Even though I try to  
I can't stop thinking about you  
I couldn't live a day without you  
I don't wanna have to try  
Have to try

[Bridge]  
Chills are creeping down my spine  
Thoughts are playing on my mind  
Don't care if I'm a fool  
There's something I should tell you

[Chorus]

Even though I try to  
I can't stop thinking about you  
I can't stop thinking about you  
No matter how hard I try  
Hard I try

Even though I try to  
I can't stop thinking about you  
I couldn't live a day without you  
I don't wanna have to try  
Have to try

Even though I try to  
I can't stop thinking about you  
I can't stop thinking about you  
No matter how hard I try  
Hard I try

Even though I try to  
I can't stop thinking about you  
I couldn't live a day without you  
I don't wanna have to try  
Have to try
