Many years ago now  
in the Garden of Love  
A temptation that was watched from above  
I'll be your Adam, if you'll be my Eve  
So come show me that you  
will not deceive  
That love, just a crazy feeling  
Deep and hidden meaning, it's true  
And love, takes some understanding  
So don't you go and break all the rules

We're talking A-B-C  
I'm singing do-re-mi  
I'll teach you endlessly  
Games of Love

We're counting 1-2-3

I'm writing "U 4 Me"  
I'll teach you endlessly  
Games of Love

Listen to me now girl  
'Cos you've known all along  
It's a game of love so don't play it long  
I'll be your Romeo and you Juliet  
Just read the book and you won't forget

That love, just a crazy feeling  
Deep and hidden meaning, it's true  
And love, takes some understanding  
So don't you go and break all the rules

*[repeat CHORUS]*
