(Gregg Alexander)

In this world of hypocrisy  
People run from intimacy  
They want to be free they want to be free  
Take a look in my heart girl then look outside  
People don't even stop to tell you the time  
Don't that tell you something  
Don't that tell you something

But I ain't gonna beg you  
To feel the way I feel  
But baby this is real

'Cause everybody's got their heart on something  
I got my heart on you  
And everybody's got their cards on someone  
I bet mine all on you, oh sugar

In this world of unfaithfulness  
It's only you girl I long to kiss  
I'll never be free unless you're with me  
Please look in my heart girl then look outside  
When I'm with you girl I feel alive  
Can I tell you something girl it's you or nothing

'Cause every night I'm dreaming I'm making love to  
you  
Lets make dreams come true

And everybody's got their heart on something  
I got my heart on you  
And everybody's got their cards on someone  
I bet mine all on you, oh sugar

Let's do something wild  
Like making a child  
Dance through the night my love  
One look in your eyes  
And I'm paralysed  
You're God's gift from up above

And everybody's got their heart on something  
I got my heart on you  
And everybody's got their cards on someone  
I bet mine all on you, oh sugar
