Take my hand, we'll walk a while, talk a while  
Feel my love, always there beside you  
Be the one, I know you'll tell me everything  
You are the one I cherish more than anything

I love you more than you'll ever know  
I love you more than you'll ever see  
More than my heart could ever show  
I love you more than you'll ever know

I really love you, baby, oh yeah, babe

Think of me and know that I believe in you  
There'll always be this precious time together  
With every tear a love so strong no words could ever  
say  
A love to last forever

I love you more than you'll ever know  
I love you more than you'll ever see  
More than my heart could ever show  
I love you more than you'll ever know

Take my hand, we'll walk a while, talk a while  
Feel my love, always there beside you  
Be the one, I know you'll tell me everything  
You are the one I cherish more than anything

I love you more than you'll ever know  
I love you more than you'll ever see  
More than my heart could ever show  
I love you more than you'll ever know  
I love you more, more than you'll ever know
