How is it now have you moved on
And do you still think of me when I'm gone?
I think of you and I just wonder, where you are
And what thoughts are racing through your mind

Who are you holding now?
Oh, I hope that you are happy now
And someday I know I will be

I've been told there'll be another or so they say
But I guess never like the other
And so I'll shed my tears and I'll face my fears
I've been told there'll be another

It's so simple to say I love you
But sometimes it's just not enough
So I'll find my sunrise
At the end of these few words

Who are you holding now?
Oh, I hope that you're happy now
And someday I know I will be

I've been told there'll be another or so they say
But I guess never like the other
So I'll shed my tears and I'll face my fears
I've been told there'll be another
I've been told there'll be another
