You're the key to my life

Rain on the window covers the trace
Of all the tears that I've had to waste
And now I'm missing you so
And I won't let you go away

Stain on the desktop where coffee cups lay
And memories of you forever will stay
And the scent of your perfume
And the smile on your face will remain

And I never gave up hope when things got me down
But I just bit on my lip and my face began to frown
'Cos that was just my pride and I've nothing else to
hide
And now the way is clear and all I want to say is

All of my life the doors have been closed now
And all of my dreams have been locked up inside
But you came along and captured my heart, girl
You're the key to my life, yeah

Year after year, was blaming myself
(Blaming myself)
For what I'd done, just thought of myself
I know that you'll understand
(You'll understand)
This was all my own fault, don't go away

And I never gave up hope when things got me down
But I just bit on my lip and my face began to frown
'Cos that was just my pride and I've nothing left to hide
And now the way is clear and all I want to say is

All of my life the doors have been closed now
And all of my dreams have been locked up inside
But you came along and captured my heart, girl
You're the key to my life, yeah

Girl you know that I feel for you
There ain't nothing that I wouldn't do

Stop the thunder and the pouring rain
You're the one that's going to stop the pain

Girl you know that I feel for you
There ain't nothing that I wouldn't do
Stop the thunder and the pouring rain
Listen to me can't you hear what I say

All of my life the doors have been closed now
And all of my dreams have been locked up inside
But you came along and captured my heart, girl
You're the key to my life, yeah
