Written by Gregg Alexander/Rick Nowells

Yeah-Uh

We're loving each day as if it's the last  
Dancing all night and havin' a blast  
Oh baby I need you here

Girl I'm on a mission  
To cure my condition  
Cos' without your kissin'  
My heart's just a prison  
I'm hopin' and wishin'  
That girl I'm forgiven  
Say yeah

Cos every time you leave me I'm sad  
The moment you're returning I'm glad  
So lets not go forgetting what we had  
Cause it's bad  
So damn bad, yeah

Chorus

We're loving each day as if it's the last  
Dancing all night and havin' a blast  
Oh baby I want you right here next to me  
We're loving each day as if it's our last  
Dancing all night and havin' a laugh  
Please baby I need you here

If I hurt your feelings  
Then baby we're even  
Cos I've been bereavin'  
Since you said you're leaving  
But now you're by my side  
Lets not fight  
Cos you're right

That every time I lose you  
I'm lost  
No more you versus me girl  
There's just us  
Cos anything without you's

Just a bust  
Baby trust  
You're a must, yeah

Repeat chorus

So don't go throwing our love away  
It's here to stay  
I'm telling you  
There is nothing that can stop us anyway  
Our love is an ocean  
Let's get it in motion

Repeat chorus

I need you here  
I need you here  
I need you here

Cos we're loving, and we're dreaming, and we're  
hoping, and we're dreaming

Cos we're loving, and we're giving, and we're hoping,  
and we're dreaming
