Say goodbye...woah  
It's another fight  
On another night  
to a stranger's home  
that's far from home

It's cold in here  
But I'm not clear  
Where I have to go  
But I know...

I'll ignore what I feel (what I feel)  
Cos I ain't making a deal (no no)  
Time is rolling by  
Wondering how far  
How far, how far..to fly..

Never easy to say goodbye  
No reason why  
These things shall be..woah  
Never easy to say goodbye  
No reason why  
That's the way it is..woah

In a different light  
Do you know what's right  
Am I pretending, no  
Well I guess so  
Don't you feel  
Cos baby, I am here  
I won't let you go  
But I know..  
I'll ignore what I feel (what I feel)  
Cos I ain't making a deal (no no)  
Time is rolling by  
Wondering how far  
How far, how far..to fly..

Never easy to say goodbye  
No reason why  
These things shall be..woah  
Never easy to say goodbye

No reason why  
That's the way it is..woah

I'll ignore what I feel  
I ain't making a deal  
Time is rolling by  
Wondering how far to fly..

Never easy to say goodbye  
No reason why  
That's the way it is..woah  
Never easy to say goodbye  
No reason why  
Theses things shall be..woah  
Never easy to say goodbye  
No reason why  
That's the way it is..woah..
