I'm On My Way..yeah

The rain won't catch you and the wind won't blow
Where you're blowin' no one knows
It's all right now

Clouds are forming in a neon sky
You wonder how, you wonder why
I'm on my way

If you knew the end would we start at all
See the pride before the fall
It's over now

You can't break up what you can't break down
Life can sometimes spin you round and
I'm on my way
I'm on my way

'Cause my priority
Is no more you and me
The world will always turn
Beneath our feet again

My philosophy
Has overtaken me
There's nothing left to say
There's nothing left to say

There's a hole in your heart where the rain gets in
So you pull up your collar and you start again and
I'm on my way
I'm on my way

My philosophy
Has overtaken me
There's nothing left to say
There's nothing left to say

You watch her leaving on the evening train

You know she won't be back again and
It's all right now

There is no right, there is no wrong
You live your life, keep moving on and
I'm on my way
I'm on my way
I'm on my way
I'm on my way

I'm on my way yeah (4x)

My philosophy
Has overtaken me yeah
My priority
Is no more you and me yeah

I'm on my way
