Everything I put into this box  
Says we're moving  
All these photographs and books and clocks  
What are we doing  
You and I in  
Separate cars  
Where are we going  
Everytime I wake up on my own  
I know we're changing  
Where's this thing and ride are gonna go  
But I was saying  
You and I  
in different rooms  
Where are we going

[Chorus:]  
What are we running from  
What are we [2x]  
Tell me what we've become  
What have we [2x]  
Can't you see  
This isn't what we really want  
What are we  
Where are we going

Everything you put into my heart  
Is there forever  
Baby we've got to stop this drift apart

And stay together  
You and I should be as one  
It's now or forever

[Chorus]

Where are we going  
going no, no, no

What are we waiting for  
We've got to try some more  
What have we [2x]  
Tell me this isn't what you really want

What are we  
I'm not going  
What are we waiting for  
WE've got to try some more  
What have we [2x]  
Tell me this isn't waht you really want  
What are we  
I'm not going
