Couldn't feel much better  
Than the way I fell tonight  
Feel like I could live forever  
Feel like I could fly  
When I thought I'd get it wrong, yeah  
You somehow make things right  
That's the way you make me feel  
Better than I've ever known it  
Better than it's ever been  
I can't seem to control it, no  
The way you make me feel  
Like the sun coming up in the morning  
Like holding the world in your hands  
In a way I could never imagine (yeah)  
The way you make me feel

I couldn't feel much better

Than when I'm here with you  
You make everything seem so easy  
I'm telling you the truth  
You never try to please me  
But somehow...you always do

*[CHORUS]*

The way you make me feel, yeah  
The way you make me feel

The simple things you do to me  
Simple things you say  
I sometimes can't believe it's for real

*[CHORUS]*

The way you make me feel, yeah  
The way you make me feel  
The way you make me feel
