What have you got
That you can leave behind?
If it fits in a box
Was it a waste of time?

What have you learnt?
Did you stop to write it down?
Do you deserve?
How cold you feel right now?

You never needed anyone
But you need someone today
You never needed anyone
But you need someone today

When it all breaks down
When it all breaks up
And it's too late now
Too late for Hallelujah
When you burn and fall
Whoa, whoa, whoa
Too late for Hallelujah

How did it taste
At your table for one?
How did you dance
If you never held someone?

You never asked for anything
And that's exactly what you've got
Desperately you tried to change
But every skin just feels the same

When it all breaks down
When it all breaks up
And it's too late now
Too late for Hallelujah
When you burn and fall
Whoa, whoa, whoa
Too late for Hallelujah

I used to hear you say

Nothing can change your mind
Look at how the angels pray
Only the truth survives

Too late, too late
Whoa, whoa, whoa
Too late for Hallelujah

When it all breaks down
When it all breaks up
And it's too late now
Too late for Hallelujah

Whoa, whoa, whoa
Whoa, whoa, whoa
Too late for Hallelujah
