Walk on, she's gone
Better leave the girl alone
Walk on, she's gone
Don't even call her on the telephone
Walk on, move on now
You've got to be strong, so they told me

But when I see you and my heart drops
I still remember and it won't stop
The night I kissed you on the rooftop
We reached up and touched the sky
But then you told me goodbye
Don't try to tell me that a man don't cry

Walk on, she's gone
Better leave the girl alone
Walk on, she's gone
Don't even call her on the telephone
Walk on, move on now
You've got to be strong, so they told me

My friends they want me to forget you
Pretend I never even met you
I try to smile but I bet you
Loneliness and tears still show
One thing that nobody knows
You hold my heart and you won't let it go

Walk on, she's gone
Better leave the girl alone
Walk on, she's gone
Don't even call her on the telephone
Walk on, move on now
You've got to be strong, so they told me

And if I get you back you'll see
All the love in me, so take my hand
And your heart will grow stronger
(Heart will grow stronger)
Never, never, never let it go

Walk on, she's gone

Better leave the girl alone
Walk on, she's gone
Don't even call her on the telephone
Walk on, move on now
You've got to be strong, so they told me

Walk on, she's gone
Better leave the girl alone
Walk on, she's gone
Don't even call her on the telephone
Walk on, move on now
You've got to be strong, so they told me

Walk on, she's gone
Better leave the girl alone
Walk on, she's gone
Don't even call her on the telephone
Walk on, move on now
You've got to be strong, so they told me
