(Ba ba baah ooh-ooh ba ba ba-ah ooh-ooh)

(Words can't describe yeah)

Turn down the lights

No need to worry

I'm right here beside you baby

You'll be alright

In my arms

I'll hold and protect you darling

Let's make this right

Hold on tight

Through the night

I'll make you mine

Forever more

Let's close the door

(Ba ba baah)

Words can't describe

The way that you move me baby

(Ba ba ba-ah)

This feeling of love (ooh-ooh)

It's so unbelieving baby

I'll make you mine

(Forever forever) uh-huh

Turn down the lights

No need to worry

I'm right here beside you baby

You'll be alright (tsh tsh aah)

In my arms

I'll hold and protect you darling

Let's make this right

Hold on tight

Through the night

I'll make you mine

Forever more (forever)

Let's close the door

Ba ba baah

Words can't describe (ooh-ooh)
The way that you move me baby
Ba ba ba-ah
This feeling of love
It's so unbelieving baby

Let's make this right
Hold on tight
Through the night
I'll make you mine
Forever more (forever)
Let's close the door (forever)

Ba ba baah
Ba ba baah
Words can't describe
The way that you move me baby
Ba ba ba-ah
This feeling of love
Is so unbelieving baby
Ba ba baah
Words can't describe
The way that you move me baby
Ba ba ba-ah (uh-huh-huh)
This feeling of love
Is so unbelieving baby
Ba ba baah
Ooh-ooh
Ba ba ba-ah
