Hey there, beautiful girl
You oughta know you rock my world
With your eyes
And those perfect thighs
You make me feel so happy when you smile
You make me want to scream and shout
I'd really like to ask you out
But...
You're my cousin
Second daughter of my father's sister
Anne Marie
You're my cousin
We could never be a couple even if we wanted
Sweet cousin, hey hey hey
Just because we have similar DNA
I've known you all my life
And I was kinda hoping you'd be my wife
But you froze
When I proposed
Daddy beat me up and told me I was being gross
One thing I always wanted to do
Is making passionate love to you
But...
You're my cousin
We could never be a couple even if we wanted
Sweet cousin, hey hey hey
Just because we have similar DNA
How can this be true?
All I want to do
Is kiss your lips
And neglect it
It drives me wild that if we have a child
It would probably be dyslexic
You're my cousin
Second daughter of my father's sister
Anne Marie
You're my cousin
We could never be a couple even if we wanted
Sweet cousin, hey hey hey
Just because we have similar DNA
Sweet cousin, hey hey hey
I don't care what people say

Sweet cousin, hee hee hee
Happy ever after, you and me
Dear cousin, whoo hoo hoo
What our music can do to you
Oh cousin, hi hi hi
You will take me to the sky!
Dear cousin...
