How can I
just let you slip away from me.
My friends say
that it's a damn, damn shame
and how can I
live another lifetime, no
I don't know, i don't know
but i'll try.

For years we've been faced
with all kinds of pressures
but you still don't know
just how i feel
now that you're gone
i'm so alone

Chorus:

Oh, i wish i had
chance to say i love you
but something went wrong here
you were not supposed to leave me.
In my live
i wish that you were
here with me
but something went wrong here
this is just in case you hear me.

How i can
forgive myself when
all this time
i've been so blind (since...)
and how i can
live in such a cold, cold world
without ya by my side
sometimes it feels like i wanna die

All cuz' you were my strength
and all of my comfort
but you still don't know
just how i feel
now that you're gone

i'm so alone

Chorus

Do you hear me?
I wanna know, wanna know
cuz' i'm so alone, so alone.

Chorus (repeat)
