Your list of things don't work.
Shoot me down, test your nerve.
Stun me all wonderful, oh.
I'll mess your plans around.

Oh, my love, never doubted you more.
Now you're walking around
and you promise it all
'til you're dead in the ground.
I'll get over you.
Never wanted me to.
It's not that great,
it's how it ends.
I'll get over you.

You've got a fine to pay.
Ugly and no mistake.
I'll take you on ?
and steal your heart away.

Oh, my love, never doubted you more.
Now you're walking around
and you promise it all
'til you're dead in the ground.
I'll get over you.
Never wanted me to.
It's not that great,
it's how it ends.
I'm lonely for two.
