Take my hand, take my hand,  
Take my hand, come with me,  
Spend eternity together,  
Take my hand, I'm holding you forever,  
Come with me, spend eternity together,  
Take my hand, I'm holding you forever,  
Come with me, spend eternity together

Instrumental

Each day I think of you  
The way you say my name  
And all the things that you do  
Hoping for the time you walk me down the isle  
Your heart becomes mine  
If your smile, your bedroom eyes,  
The way you hold my hand, squeeze it tight,  
At night as I lay with you, safe in your arms,  
Because you know I love you.

Take my hand, I'm holding you forever,  
Come with me, spend eternity together x2

Only you take my breath away,  
You got me hanging on every word that you say,  
Hoping for the time, hand in hand,  
You will see in mine,  
How I swear I don't want no other,  
Wont you be my girl and my lover,  
Oh baby I need you so,  
Hold me close, hold me tight,  
And never let me gooooooooo

Instrumental

Take my hand, I'm holding you forever,  
Come with me, spend eternity together x2
