Here I am on the other side of the radio  
Wonderin why I'm here and why anybody cares what I  
say  
No, I'm not a better man cause I'm singin my songs on  
the radio  
Cause were all the same, at the end of the day

Now I imagine you on the other side of the radio  
Doin your homework or drivin with your windows down  
on the freeway  
I see you tappin the wheel, I see you bobbin your head  
to the radio  
In some small way I remember my place

Cause it's you and me singin the same song right now  
Maybe this will bring us together somehow  
Maybe there's a million people all singin along  
Somebody started thinkin about the third line  
And maybe someones sayin a prayer for the first time  
That's enough reason to keep me singin my songs  
Singing my songs, on the other side of the radio

Crank up the volume and sing at the top of your lungs  
with the radio  
Tune it in to some good news and laughin along with  
the DJ  
Were changin somebodys world from the other side of  
the radio  
Oh, and it makes my day to see that smile on your face  
And in some small way, I remember my place

Cause it's you and me singin the same song right now  
Maybe this will bring us together somehow  
Maybe there's a million people all singin a long  
Somebody started thinkin about the third line  
And maybe someones sayin a prayer for the first time  
And that's enough reason to keep me singin my songs  
Singing my song on the other side of the radio

Singin my song, on the other side of the radio  
Ts you and me singin the same song right now  
Maybe this will bring us together somehow

Maybe there's a million people all singin a long  
Somebody started thinkin about the third line  
And maybe someones sayin a prayer for the first time  
And that's enough reason to keep me singin my songs  
Keep me singin my song on the other side of the radio  
The other side of the radio, the other side of the radio
