You float in
From the weekend
Feel like a message from your best friend
Another week begins
Counting down from 10 (10,9,8,7,6,5,4,3,2,1)

Bells ringin' your in the classroom
Your singin' another love tune
Taken out your books
Here we go again

You might be still on the weekend
Dont even hear them callin' out your name
Next saturday seems so far away.

As the bell rings
Your where you want to be
Oh this life is a melody
As the bell rings
You hear a harmony
And the scene starts to change
So happy as the bell rings

Clocks tickin' goin' so fast
How long can all this run time last
In the place where you can be who you are
All you want is to party
But in a second you'll hear that sound again
It always feels like a party with your friends

As the bell rings
Your where you want to be
Oh this life is a melody
As the bell rings
You hear a harmony yeah
And the scene starts to change
So happy as the bell rings

You know you belong here
In a place where you can be Who you are
Theres nowhere else you would rather be

As the bell rings
Your where you want to be
Oh this life is a melody
As the bell rings
You hear a harmony whoa
So the scene starts to change
So happy
So happy as the bell rings
