Girl, I'm telling you,
you make me feel so high.
I know you feel it too,
and I lose my breath the times you say "goodbye".
I count the time, 2, 3, 4
you to come back to me
and see how much I could give!
I'm counting 4, 3, 2, 1,
day you'll be back with me,
so let me tell you this,

CHORUS

Baby, I love you.
And it's always the same,
going insane here without you.
Without you.
Baby, I love you.
I'd fly a million miles every night
just to hold you, to hold you.
You're always on my mind.

You know I'd wait for you.
By the freeway in the afternoon.
With a shake wave or two,
rain is falling down.
And with each and every drop, I think of you.
I count the time, 2, 3, 4
you to come back to me,
and when I see your face, my heart, it stops.

REPEAT CHORUS

Everybody in love, say "yeah",
everybody in love, say "yeah".
Everybody in love, say "yeah",
ooh, yeah.
Everybody in love, say "yeah!"
Everybody in love, say "yeah".
Everybody in love, say "yeah!"
Yeah!

Baby, I love you.
And it's always the same,
going insane here without you. Without you.
Baby, I love you.
I'd fly a million miles every night
just to hold you. To hold you.
Baby, I love you.
And it's always the same,
going insane ehre without you. Without you.
Baby, I love you.
I'd fly a million miles every night
just to hold you. To hold you.
You're always on my mind.
