Hollywood never fails
To make a sequel
For each and every movie
That does well

Why can't love be more like that?
Where the best ones get a second chance
And that way though you're gone
It wouldn't be that long

Till I'd see you
In part two
And we'd pick up where we left off
When I lost you

And we'd fall in love again
And change the way the story ends
We'd bring back me and you
In part two

Lookin' back we had
So much to look forward to
The kind of love that
Deserves to be continued

If this were only Tinseltown
By now they would have figured out
A way for you and I
To give it one more try

And I'd see you
In part two
And we'd pick up where we left off
When I lost you

And we'd fall in love again
And change the way the story ends
And we'd bring back me and you
In part two

Yeah, we'd fall in love again
And change the way the story ends

And we'd bring back me and you
In part two
