Something About Her

Here I am  
Not knowing where I stand  
Here I am  
Looking for a place to land  
My heart in the palm of her hand  
I'm just a boy dying to be her man  
Between tomorrow and yesterday  
What I really want to say  
Is that I'm falling for something about her  
Something about her

She is to me  
The rainbow through the rain  
She is to me  
The laughter through the pain  
Wish I had the words to say  
The way she brightens up my day  
She's living in my dreams  
She's a vision and it seems  
That I'm falling for something about her  
Something about her

My life has been a ship sailing sea to sea  
My life has been completely set free  
Whenever she's with me  
It's all I could hope it to be  
Now with her I'd like to share  
Show her how much I care

I'd like to say  
I'll love her everyday  
I'd like to say  
I'll never turn away  
Forever come what may  
Until my dying day  
She's every star that's in the sky  
Every glimmer in my eye

And I'm falling for something about her

Something about her  
Oh I'm falling for something about her  
Something about her
