You've sure got a real nice place  
So don't take this the wrong way  
But I can tell by your decorating taste  
You've been alone too long

You've got more candles than a midnight mass  
That fancy mirror adds a touch of class  
Do you know how good a mounted bass  
Would look there on that wall?

You need a man around here  
You can't do it all by yourself  
To me it's painfully clear  
That you could use a little help

Someone to kill the spiders  
Change the channel and drink the beer  
Seems to me that you sure need  
A man around here

Thumbing through your stack of magazines  
I don't see a Maxim or Field and Stream  
I haven't been in a room this clean  
Since they took my appendix out

Well you've gotta be kidding me  
Don't tell me that thing is your TV  
My laptop's got a bigger screen  
Oh baby, there ain't no doubt

You need a man around here  
You can't do it all by yourself  
To me it's painfully clear  
That you could use a little help

Someone to kill the spiders  
Change the channel and drink the beer  
Seems to me that you sure need  
A man around here

Someone to kill the spiders  
And by the way, you're out of beer

Seems to me that you sure need  
A man around here

Yeah, it seems to me that you sure need  
A man around here
