I don't know
If anyone goes through
Anything worse than you
People always whisper behind your back
You can't trust anyone but yourself

And I
Could never step in your shoes
People should stop destroying you
It's your life
Live it while you can
Just make sure everything feels right
In the end

Every mistake you make is criticized
Everyone watches to see
What goes wrong next
But they need to see the truth
Cause I know
That you are the same person you were
Three years ago

And I
Could never step in your shoes
People should stop destroying you
It's your life
Live it while you can
Just make sure everything feels right
In the end

Why did you go down so deep
When I was small
I looked to you
People say it's different now
But I can't say the same
Because I know that
You have loved me every, single day

And I
Could never step in your shoes
People should stop destroying you
It's your life

Live it while you can
Just make sure everything feels right
In the end
