I can't wait until the day  
When you figure out  
How much of a mistake you made  
For walkin out on me  
Well now, now baby

It's time for me to get my  
Revenge, on you  
Revenge, to get at you  
For all the things you did to me  
Then you had the nerve  
To walk out that door  
Well you're not welcome here anymore  
You better watch your back  
Cause one day I'll get my revenge

It's gonna come  
When you least expect it  
Your life will be a living hell  
Does my name even ring a bell to you

It's time for me to get my  
Revenge, on you  
Revenge, to get at you  
For all the things you did to me  
Then you had the nerve  
To walk out that door  
Well you're not welcome here anymore  
You better watch your back  
Cause one day I'll get my revenge

You're gonna see my face  
Everywhere you go  
I'm gonna make your head spin  
Cause now  
I'm behind you  
I'm beside you  
I am all around you  
You better watch yourself

It's time for me to get my  
Revenge, on you

Revenge, to get at you  
For all the things you did to me  
Then you had the nerve  
To walk out that door  
Well you're not welcome here anymore  
You better watch your back  
Cause one day I'll get my revenge
