It's always been red against blue  
It's always been me against you  
But why can we come together  
With all this bickering and fighting  
With all the bitching and moaning  
Does anyone really care about us anymore

This world has come so far  
But we are setting ourselves back  
We were once together  
Now we are far apart  
It's time for a change  
For the better  
It's time for a change  
One we can keep forever

Everytime we mess up  
We always try to put the blame  
Upon someone else  
And never ourselves  
We all understand life isn't fair  
We all understand life isn't easy  
But now it's time for a change

This world has come so far  
But we are setting ourselves back  
We were once together  
Now we are far apart  
It's time for a change  
For the better  
It's time for a change  
One we can keep forever

Does anyone feel the pain we do  
Every single day of our lives  
How we are just making it by  
Has anyone felt our pain  
Of knowing things aren't the same  
As they used to be

This world has come so far  
But we are setting ourselves back

We were once together  
Now we are far apart  
It's time for a change  
For the better  
It's time for a change  
One we can keep forever

[Spoken:]  
I'm just thankful for everyday of my life  
Because it's not the same as it used to be  
This world is really messed up  
And if it doesn't change soon  
It never will  
So I have high hopes for Mr. Obama  
I'm sure he will do well
